Lefko said Wednesday he is watching the local markets to find what firms or individuals are selling these mislabled pens so they may be brought to the attention of the trades commission. Such pens, Lefko says, are sold mostly by itinerant merchants or peddiers.

A citizenship school to be conducted by a representative of the National League of Women Voters will be a part of the three-day institute which the University of Oklahoma will begin holding in the state January 17. It was announced by Harry R. McKeen, director of community institutes for the university, while in the city Tuesday to confer with Mrs. George Gellhorn of St. Louis, vice chairman of the National league.

Mrs. George M. Ransom of this city has been appointed state chairman of citizenship school for the result of the trades commission. Such pens, Lefko says, are sold mostly by itinerant merchants or peddiers.

Randall bases his assertion upon the checking up of the returns at Vandevers and conferences he has had with other merchants.

"We are dealing now," said Randall, "with those who want to coeperate with us and help themselves by paying up. When the campaign is ended we will deal with those who ignore the appeal.
